

IBNE SINA COLLEGE

Summer Vacation Homework June, 2017

Class III

Science

1. Make a pyramid using any hard material e.g. card board. Then take 3 (light) coloured sheets of paper. On each side write information about any one food group. Also stick or draw pictures about it. Then stick these sheets on the pyramid. You have prepared a **FOOD GROUPS PYRAMID** about three food groups.
2. Before the school reopens, in the month of August read all lessons carefully and revise all C.W. done in note book.

Summer Holidays Homework Class III

Social Studies

Topic: Landforms

City Life / Village Life

Make a booklet of 3 coloured A4 sheets folded into halves. i.e. (6 pages)

1. Draw or paste picture of five landforms and write at least four sentences on each of them.
2. Where would you like to live “in a village or a city”? Write a paragraph of ten sentences telling why and stick/ draw pictures about it.
