

IBNE SINA COLLEGE

Summer Vacation Homework June, 2017

Class IV

Science

Note: All science home work should be presented in a folder/file with your name, class and subject. Use A4 size coloured sheets. Good presentation will earn you a better grade.

1. Make a model of "a tooth" by using different materials. Use A4 size sheets, foaming sheets, chart paper etc to make the model look nice. (Model should be of A4 size sheet) Label the model.
2. Ask your mother about the ingredients of the Russian Salad. Write down the importance of those nutrients in our body. Draw or paste the picture as well.
3. Make a scrap book of "Clothes and Fibres". Take 4 A4 sheets, fold them into half and make a booklet of 8 pages. Paste different cloth materials on it and write some interesting information about those materials. Also, in your scrap book, paste photographs of different types of clothes you wear at home, while playing in school and when you attend a wedding.

Text Book Work

Use loose sheets to do this work.

Read the lessons done in class carefully before doing this work.

1. Make 10 short questions of the lesson "Our Food". Also write their answers.
2. Make a list of 25 difficult words of the lesson "Teeth and Digestion" and learn the spellings.
3. Make 3 subjective questions of 5 marks each from the lesson "Clothes and Fibres". Also write their answers.
4. Make 15 fill in the blanks of the lesson "Houses all around".

Class IV

Social Studies

Project work:-

1. Watch videos about Landforms of the Earth and make a flipbook of "Landforms" using chart paper / A4 size sheets. Write information about each landform at the back of each flip. Flips of islands, plains, deserts, plateaus and valley should be made. Write your name and class neatly on the title page of the flipbook.
2. "Being careful" about our belongings is an important value of our life. Recycle / Reuse any waste material from your house, example cans, empty box etc. to make one useful decorative item to put in your room. Take ideas from the net. Keep the size of your item small. Make it yourself.
3. Take a cover of a shoe box and wrap it with brown paper neatly. Paste map of Pakistan on cover of the shoe box and colour the provinces. (Punjab – Green, Sindh – Blue, Balochistan – Brown, K.P.K –Orange). Make small sketches of mountains, plateaus and plains and stick these on toothpicks. Prick these toothpicks on the map showing exact location of the landform. Write your name and class neatly on the side of the cover of shoe box.
4. Before the school reopens, in the month of August read all lessons carefully and revise all C.W. done in note book.
