

**IBNE SINA COLLEGE**  
**Summer Vacation Homework, 2018**

**Science**

**Class V**

☆ **Read the following lessons carefully.**

**Project 1**

Select one Body System (eg, Digestive/ Respiratory/ Muscular/ Circulatory/ Nervous etc). Then search on net and make a model or display of that body system using different materials. Its size should not be bigger than a half chart paper.

**Project 2**

Make a flip book with coloured sheets. Write information about the five food groups. Also draw or paste pictures.

**Note:** In the month of August, before the school opens, revise all chapters done in Science in your H.P.Copy. (I will see it)

**Summer Vacation Homework, 2018**

**Social Studies**

**Class V**

**Project work:-**

1. Make a project on any one landform. Use different materials e.g. crumpled newspaper/ play dough etc. Its size should not be bigger than a shoe box. Take help from YouTube/Google/Pinterest to make your model look real.
2. Make a scrap book of kinds of Maps. Take 3 A4 size sheets and cut them into half and get them stapled. Paste pictures of one type of map (political, physical, thematic, road, weather) on one page and write information about the map on the page adjacent to it. Design title page of your scrap book and write your name and class neatly on it
3. Use the internet (Google/Pinterest/Youtube) to increase your knowledge about the following topics:  
(Just reading H.W)
  - Climate of the world
  - Explorers and their explorations
    - i) Marcopolo    ii) Ibne-Batuta    iii) Vasco Da Gama    iv) Neil Armstrong

**Note:** In the month of August, before the school opens, revise all chapters done in S.Studies in your H.P.Copy. (I will see it)
