

PROJECT WORK

- Note:** ☆ *Make research projects on A4 size sheets using both sides of the sheet. They should comprise of handwritten information along with pictures.*
- ☆ *Write your name, class, section on all projects.*

Science

Project 1: Make diagrams to show difference in arrangement of particles in three states of matter. Use cotton, Styrofoam, playdough of different colours or any other material you find appropriate to demonstrate particles. Use 3 A4 sheets, one for one state of matter.

Project 2: Write the features of the following classes of lever. Also draw three diagrams for each class.

☆ First class lever ☆ Second class lever ☆ Third class lever

History

Project 1: Read Chapter 5 – 9 of the book and prepare timeline flash cards, showing the following:

- ☆ rulers ☆ pictures
 ☆ reigning period ☆ any 2 major achievements

Project 2: Prepare a newspaper front page showing the invasion of Hindustan by Babur.
 (Use Ch. 5) for guidance on information (Use ½ chart papers)
